Comments from team members...

"It's a blessing to watch God work with His power through everyone and seeing the unity He brings to the team. As a result, everything just flows together to bless others.

Don & Connie Brown, Kindersley

"I learned that in Canada we have just as much need as anywhere else. We're often going all around the world, and this is in our own back-yard."

Bonnie & Doug Demery, Kindersley

"I was not convinced that missions was for me. After going on an outreach, I have been forever changed." NL

"For the first time in our lives, we saw the book of Acts happen."

Ken & Patty Tung, Toronto
